

We look like a product company, but we provide a service: creating solutions that help our clients grow

Amos Megides

For over three decades, Tosaf has been developing and manufacturing high quality additives, compounds and color masterbatches for the plastics industry. With the aim of providing for our customers' every need, we have continuously grown and developed our offering, production capacity and global reach, becoming a truly close-to-the-market, global organization. With a deep-rooted belief that we must be at the cutting edge of each of the industries we serve, the experts at Tosaf work with various educational institutions, gaining inspiration and giving of their experience.

Tosaf CEO Amos Megides established the company in Israel in 1986, and still stands at its head, leading and inspiring his team to always uphold the following three pillars:

Service: doing our homework, learning each client's industry, processes, technology and needs, as well as having salespeople and warehouses on the ground, ready to deliver anywhere, anytime.

Quality: investing in the latest machinery and technologies to ensure the highest standards, we also continuously learn, and look towards the future needs of each of the industries we serve.

Innovation: over 60 qualified professionals working together to develop unique and specific solutions to the complex challenges and ever-changing market demands faced by our clients.

Tosaf's major shareholders include: Megides Holdings Ltd. & the Ravgo Group
